

WintonsTeak®

—— product range 2019 / 2020 ——

Every piece of Wintons Teak furniture is exclusively designed and manufactured with you in mind, for your every enjoyment.

Our furniture seek to delight and excite its users with designs that progressively blurs the boundaries of indoor and outdoorliving.

This means creating pieces that extend your living spaces outdoor with built quality that withstand the harsh climate.

Furniture that is made with details which obvious from the moment you saw and touch.

We have engineered our outdoor furniture with the best materials, such as fast-drying outdoor foam, uvresistand outdoor wicker, durable Batyline slings, stainless steel and last but not least maintenance-free certified A-Grade Teak.

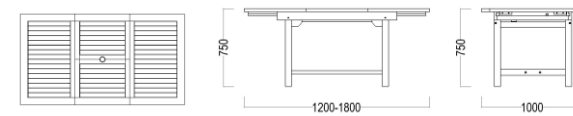

What's more, with more than 20 years of experience in manufacturing, we effortlessly blend these materials to create products with design integrity and built quality that matches.

In our tightly controlled production facility in Indonesia, we have three keywords: first is quality, second is quality, and third is quality too!

Terms and Conditions

WintonTeak® endeavours to provide correct information in this catalogue, however there may unintended errors. In such cases, we apologise for any inconvenience and it may be necessary to change product specification. The models and colours are accurate as photographic and printing allows. Some items require self assembly. Our ability to supply depends on availability and some items may take time to supply and deliver.
