A Manutti experience is a moment of joy and cosiness under the sky. Warmth and luxury for everyone, everywhere: from sunrise until sunset.

Step outside. Feel the warmth on your skin and enjoy the presence of your loved ones. At Manutti we believe in the beauty of outdoor spaces and their power to connect us. Our pieces are designed to inspire you to spend unforgettable moments outside with friends and family, at any time of the day, from dawn to dusk.

Manutti pieces are more than furniture. They are the canvas on which you'll create cosy and congenial moments. They are for everyone, every moment, and wherever in the world you may be. Whether you prefer relaxing besides the cool crisp water of your private pool, in the salty dunes near the shore, or want to bask in the serenity of nature or the vibrant atmosphere of the city: we've cultured four styles that will defy your expectations. Just sit back, relax, and get inspired.

The common themes in our designs: innovation, craftsmanship and an uncompromising eye for quality. That's why our exclusive pieces are true originals and destined to become icons. At the same time, we keep your everyday needs in mind. Each design is well-considered and consciously aligns with the practical aspects of life. We have added a graceful element of softness that will bring you into harmony with the present moment. A Manutti moment is designed to last a lifetime. Make sure you fill it with warmth, luxury and pleasure.

Moods'

Tender Earth

Our first style, tender earth, will set your spirits soaring. Enjoy the peacefulness of country life in cosy, rustic surroundings. Look around and find yourself in a world that's both dreamlike and authentic.

Stroll slowly between the olive trees in a beautiful, rolling landscape. Listen to the sounds of happily babbling brooks while the gentle scents of lavender and citrus fill the air. It's the perfect setting for a generous wine tasting after spending the day scouting the Mediterranean countryside.

Tropical Concrete

Tropical concrete, our second style, triggers vibrant emotion. Embrace the urban vibe: chill, comfy and vibrant. Explore the grandeur and excitement of city life, with its grand boulevards, open squares and dazzling architecture.

Discover the perfect mix of old and new. Amble past impressive art deco houses surrounded by large landscaped gardens or take a stroll in one of the many flower-filled city parks. Enjoy a day on the water or connect with the cultural offering in a city that never sleeps.

Salty Dunes'

Let your mind wander with our third style, salty dunes. Picture the sand between your toes. You are relaxing at the seaside with only the sound of the waves to guide you. Doze off at sunset in the shade of the palm trees.

Immerse yourself in a feeling of simplicity and freedom while gazing over the ocean from your hammock. The wind has shaped the dunes into romantic waves, punctuated with jagged rocks, pearly white beach houses and wooden cabins. The air is filled with the tangy smell of marine salt and freshly caught fish.

Crisp Water'

Sink into the embrace of crisp water, our final style. Imagine yourself floating under a radiant sun, listening to the sounds of joyful summer tunes and splashing water by the poolside.

Clink your glasses of bubbling champagne and fruity lemonade together as you initiate your exhilarating pool party. Dive in! Inhale the fresh, intoxicating aromas of lime and oleander, the natural scents of summer, blended with the classic holiday smells of sunscreen and chlorinated water.

Designers'

Stephane De Winter

Transcending beauty through artisanship

Designer of Torsa, Cascade, Zendo, Kobo and Radius

Good design goes hand in hand with usability and comfort. That is what inspires Manutti founder and head designer Stephane De Winter (1968). He created and guards the unique Manutti DNA: smart design, craftsmanship and a profound sense of quality. This is reflected in his Kobo, Radius and Zendo collections, featuring a mix of refined, classic designs with a contemporary twist. Always receptive to the customer's needs and in line with the latest trends, his team transcends itself to go beyond beauty.

Koen Van Extergem

Great in simplicity

Designer of Air, Duo & Flame

Through his elegant minimalistic style, Belgian designer Koen Van Extergem (1989) has brought a sense of purity and lightness to Manutti. He studied product development and furniture design and joined the Manutti design team in 2013. His sleek, clean-cut creations are at the heart of the Air, Flame & Duo collections: a new generation of durable outdoor solutions that are meticulously crafted, yet warm and full of character. In 2018, he was recognised with the Archiproducts Design Award for his Duo rocking chair.

Metrica Design Studio

International classics with an elegant twist

Designer of Flex

The Milanese design studio Metrica, headed by Lucio Quinzio Leonelli and Robin Rizzini, brings a touch of Italian flair to Manutti. Internationally acclaimed for its exclusive mixture of creation and technical management, the studio's designs are elegant and meticulously crafted. The collaboration with Manutti resulted in the Flex collection, a balancing act between traditional aesthetics and a unique, elegant shape.

Lionel Doyen

Beyond the aesthetics

Designer of Kumo, San & Solid

With a practical understanding of product usability and an eye for fine details, Lionel Doyen (1978) takes a slightly different approach to design and development. Specialised in service, product and industrial design, the French designer aims to create on a more personal and experimental level, always keeping the customer's experience in mind. His style can best be described as innovative and timeless, as he consistently looks beyond mere aesthetic appeal. He designed the Kumo, San & Solid collections for Manutti, blending design with everyday comfort. In 2013, he launched his own design studio.

Gerd Couckhuyt

Inspired by life

Designer of Elements, Mood, Loop & Moon Island

Inspired by the beauty of everyday life, Gerd Couckhuyt (1970) is an award-winning Belgian designer whose Manutti collections breathe subtlety, elegance and fun. The Mood collection comes with a touch of light and translucence. His vibrant style fits perfectly in the Loop & Moon Island collections, seamlessly combining pure lines with colourful designs. The enticing forms and alluring architecture of the Elements collection earned Manutti the 'Red Dot Award for Product Design'.

Mads Ogdgård

Functional, celebrated design

Designer of Cross

Describing himself as a 'less is more man', celebrated designer Mads Ogdgård (1960) is all about simplicity. His minimalist style and practical approach have earned him international acclaim: he has won several prestigious awards, including the German Design Council Award and Red Dot Germany. He graduated from The Royal Danish Academy of Fine Arts, Denmark's Design School and the Swiss Art Centre of Europe. Bringing more than 30 years of experience in his own design studio to the table, his designs are logical and joyful. His motto: 'keep it simple and the earth liveable'. For Manutti, he created the functional and ageless Cross chair.

Bram Bollen

Master of simplicity

Designer of Liner

Starting his career as a freelance outdoor designer, Belgian designer Bram Bollen (1979) has developed a penchant for simplicity and a keen eye for detail over the years. With a degree in media and design and inspired by architectural lines and interior design, he creates contemporary, refreshing works. For Manutti, he designed the perennial Liner collection, which oozes both warmth and elegance.

Matthew Townsend

Establishing timeless connections

Designer of Cobi

After studying industrial design in Montreal, American designer Matthew Townsend (1992) pursued his passion for furniture design by moving to Florence, Italy. Aesthetics and functionality come together perfectly as Matthew constantly finds creative new ways to use materials in his designs. "Establishing a strong personal connection between user and the design is what makes a piece timeless" says Matthew, who believes that good design comes down to the user's experience and perception of that piece. Matthew's creative application of materials lies at the heart of the design of the Cobi coffee table collection – a unique range of customizable coffee tables that can stand alone, but also integrate perfectly with Manutti's other collections.

A large, dark grey, chunky-knit pouf sits on a light-colored wooden floor. It is topped with two cushions: a large white one and a smaller grey one. To the left of the pouf is a dark, rustic wooden bowl. The word "Collections" is written in white serif font across the middle of the pouf.

Collections

Manutti icons

Every Manutti piece is created with passion, purpose and attention to aesthetical and technical detail. While we take pride in all our collections, there are a few that stand out above the rest due to their unique design, technical sophistication or simply because they never cease to intrigue us. They are both avant-garde and timeless, and the embodiment of true outdoor luxury. They are Manutti icons.

Flex

designed by **Metrica Design Studio**

Flex unites a world of contrasts: limber yet strong, this collection features a light, elegant aluminium frame combined with the warmth of a handcrafted wood finish. Flex carefully balances old and new to give the pieces their defining characteristics. The unique shape of the oval legs turns the Flex sofa into a one-of-a-kind piece of furniture destined for long-lasting appreciation.

Inspiration 24 | Technical specifications 162

Cobi

designed by **Matthew Townsend**

Cobi is a piece by American designer Matthew Townsend, who sought to create a new range of coffee tables that would complement several of Manutti's already existing furniture collections. A true example of craftsmanship, Cobi is beautiful in its standard brushed teak or teak scuro finish, but also allows for creative and unique combinations with ceramic inlays.

Inspiration 30 | Technical specifications 204

Solid

designed by Lionel Doyen

Fashioned from natural teak and brushed teak nero, the Solid collection is both an invitation and a bold statement. The design of the chairs, stools and bar stools perfectly balances technological innovation and authentic craftsmanship. Its graceful wooden frame and delicately crafted plush seating simultaneously suggest solidity and comfort – a sensation that is further amplified by its sensual shape, which molds to the body.

Inspiration 32 | Technical specifications 164

Torsa

designed by Stephane De Winter

Torsa is the epitome of sophistication: slender and light. The sculpted wooden base is combined with a tabletop made of faux marble or monochrome ceramic. A relaxing coffee break, a festive banquet or jolly aperitif: Torsa tables and poufs turn any occasion into a moment to remember. Thanks to its understated size, Torsa is apt for small or large spaces and is multi-functional.

Inspiration 38 | Technical specifications 192

Manutti icons°

Kobo°

designed by **Stephane De Winter**

Timeless in style, Kobo chairs and sofas constitute a marvel of technical complexity. Kobo's secret? A structure made entirely of hand-woven rope around a welded aluminium frame. The curved lines of the armchair and full-length sofa are combined with deep, plush seating for extreme comfort.

Inspiration 42 | Technical specifications 165

Radius°

designed by **Stephane De Winter**

The unique, airy design of the Radius chair, footstool, lounge chair and sofa collection is perfect for exquisite moments of warmth and closeness. The wrap-around back and armrests, made entirely out of rope, blend seamlessly and give each piece a neomodern yet timeless look and feel. Keep it sober or opt for matching backrest cushions designed for optimal seating comfort for long get-togethers.

Inspiration 48 | Technical specifications 166

Elements[°]

designed by Gerd Couchhuyt

With its inviting form and fascinating design, the Elements seating island is a sight for sore eyes. This ultra-modular and movable seating concept allows for endless arrangement options, due to the changeable back positions. A slender strip of illuminating LED lights gives Elements a floating impression. Subdued colours are combined with the durability of Quarryl®, developed by Villeroy & Boch. Elements was awarded a Red Dot Award in 2014.

Inspiration 80 | Technical specifications 172

Kumo[°]

designed by Lionel Doyen

Kumo is a light and playful contemporary seating island with pouf. Japanese for cloud, Kumo invites you to create your personalised outdoor cocoon. It comes in different shapes and sizes. The movable armrests and back supports are easily adjusted to create either a comfortable sofa or stylish lounger, a luxurious lounge chair or a relaxing footrest.

Inspiration 76 | Technical specifications 169

Mood

Designed by Gerd Couckhuys

Mood is a lightweight and durable resin wicker chair. Designed with translucence in mind, the chairs are available as high or low units. This collection also includes side tables in different sizes and finishes.

Discover Mood

Mood | barstool 80

Napoli | 60×60 high bar table 110H

Mood | dining arm chair

Air | 264x114 dining table 76H

Mood

Designed by Stephane De Winter

A wide range of sizes, finishes and table tops allows for seemingly endless combination possibilities within the Mood table collection. These fun, versatile and lightweight tables are a perfect addition to any outdoor lounge, regardless of whether you are looking for a classy side table or a playful mix of nesting coffee tables.

Step into our world of outdoor luxury at any moment

Feeling inspired? Experience Manutti for yourself and discover a world beyond your wildest expectations. Bask in the luxury and invitation of our unique design pieces, created with your comfort and pleasure in mind. All that is left for you to do is connect, dream and share experiences.

At Manutti, we don't just design furniture. We design outdoor luxury. Join us outside for a moment of joy at any time of the day, every day: from the cool breeze at dawn and the hot afternoon sun to the sultry embrace of sunset. Make every outdoor moment a Manutti moment.
